

Allied Universal are now recruiting a Business Intelligence Analyst to work within one of the most prestigious building in London City.

This is an exciting opportunity to join Allied Universal as a Business Intelligence Analyst for one of our key clients, you will provide open source intelligence (OSINT) collection and analysis to provide threat identification and mitigation, major incident communications support and bespoke digital investigations to support multiple clients and senior management in the provision of security to keep their employees and business safe.

You will be a confident and assertive decision-maker with, with excellent interpersonal and communication skills. Hands-on and driven, you will inspire others with your passion to assist excellent security decision making and business resilience.

What you get:

- **Salary of £35,000 per annum.**
- **Permanent contract of employment, working 40 hours per week, Monday to Friday.**
- Automatic enrolment into the company's pension scheme and staff discounts on several retail stores, restaurants, travel companies, and much more.
- We offer internal training and development opportunities in an excellent working environment.
- Opportunity to make a real difference in a position of real responsibility.

Core Duties & Responsibilities:

1. Monitoring of multiple global, real-time information sources and feeds to rapidly identify emerging or developing major incidents, quickly assessing the details to determine the impact to client locations around the world
2. Responding to, and escalating, major incidents to clients
3. The creation of detailed, bespoke and actionable intelligence reports covering physical threats such as terrorism, crime, extreme activism and cyber-attacks
4. Delivery of oral threat intelligence briefings to client personnel on a regular basis
5. Real-time monitoring of executive travellers around the world, ensuring identified threats to their safety are communicated in a timely manner

To be considered for this excellent opportunity you must have the following:

- Education: Business related degree or relevant job experience
- Previous experience in a counter Terrorism, crime or security intelligence-related environment, either within law enforcement, military, government or the private sector (preferred but not essential).
- Programs: Microsoft Word, Microsoft Excel, Windows, Outlook
- Professional communication and high level of written and spoken English
- Ability to work under pressure and to tight deadlines
- An active interest in current affairs and security

To apply, please forward a detailed CV and covering letter explaining your suitability for this role
